Career Objective

A dedicated Information Technology student with hands-on experience in programming, IoT, and SOC analysis through AMIT training. Passionate about cybersecurity, I aim to leverage my skills in Python, Java, Qradar, and network security to excel as a SOC analyst—ensuring robust threat detection, incident response, and continuous learning.

Education

Bachelor's Degree in Information Technology
October Technological University, 6th of October City, Egypt
2022 – Present (Expected Graduation: 2026)
Relevant Coursework: Python, C++, Java, Database Management, Data Structures, IoT, Networking, Cybersecurity

Cybersecurity SOC Analyst Course
AMIT, 2025

- Hands-on experience in network security, threat detection, and log analysis using Qradar

---

Skills

Technical Skills:
Python, C++, Java, SQL, Database Management, IoT Development, Front-End Development, Data Structures, Networking Basics, Network Security, Qradar

Soft Skills:
Problem-Solving, Attention to Detail, Communication, Teamwork, Adaptability, Time Management, Passion for Learning

Projects

Car Rental System with GUI | *Java, SQL*

- Developed a Java GUI application for car rental management with secure SQL database integration
- Implemented input validation and error handling
- Resolved SQL connectivity issues and optimized query performance

Smart Irrigation System | *IoT, C*

- Built an IoT system using sensors and microcontrollers programmed in C
- Enabled real-time automation and secure data transmission
- Collaborated with peers to refine system architecture and address technical challenges

Certifications

Cybersecurity SOC Analyst Training — *AMIT, 2025*

Languages

- **Arabic**: Native
- **English**: Proficient (B2)
